

Figure 2

Figure 3 is a perspective view of a multi-layered assembly. The assembly includes a base layer 106 and a top layer 100. A series of parallel strips 90 are attached to the base layer. A curved layer 26 is positioned above the strips. A perforated layer 40 is located above the curved layer. Various fasteners and components are labeled with reference numerals: 104, 102, 84, 86, 63, 64, 65, 62, 70, 72, 68, 60, 74, 46, and 40.
